### Business

---

#### 1. House Bill 5202- Damien Sands

- Not a lot to share, but more will be coming. Add this as a standing agenda item to discuss new information and updates.

#### 2. Workforce solutions

- Suggestions were made to expand workforce using volunteers for lower skilled work, mental health interns, retired health care providers, more work from home situations/office sharing, etc.
- As these are all good ideas, there are many hoops to jump through for these types of “employees”. Including increased supervision requirements, CFR 42, HIPAA, documentation requirements, Oregon Administrative Rule and OHA guidelines to name a few.
- County is currently exploring options regarding interns from Oregon State University.
